Re: North Cache Conveyance Project of the Bridger-Teton National Forest

Dear Mr. Forsgren:

No one thinks this is a good idea—at least not now. Recent editorials in our local newspaper reflect public sentiment against plans to sell our public land (copies enclosed). Moreover, these editorials reveal this plan's total lack of any sound rationale under current political and economic conditions.

Thank you for your consideration.

Sincerely yours,

Charles L. Payne, Jr.
